COUNTY NEWS.

Moscow.

"Pull" is a mighty fine thing, but "Push" is 100 per cent better. Put the latter behind the County Fair, a goin' an a comin'.

Lubbock County Texas has rented its jail for a dwelling, the result of prohibition.

Dr. John Crawford, head of the Fayette County Health Department, was at this place Friday.

The Slayden ball team defeated the Moscow club at the former place Friday, score 11 to 9.

J. H. Moss is the owner of a new and handsome "Overland" car.

Fire destroyed a small dwelling Wednesday night, the property of R. N. Ware. Cause unknown.

H. P. Hobson was a business caller Friday.

A number of local people attended the burial services of J. B. Murphy at Good Springs Thursday.

Are you giving proper attention to your boy? Do you know where he spends his evenings? Is it in a pool room or some other place that tends to influence him in the wrong way?

J. J. Pulliam Esq. sold 54 bales of cotton here Saturday.

The population of our town is cer-

tainly growing—our children are getting bigger.

The March number of Monthly Tidings, a Woodmen publication, contains a splendid likeness of Shirley Stevenson, the bright 6 year old daughter of Dr. and Mrs. J. M. Stevenson of this place.

Let's have a Civic League in Moscow and make every day a "clean up" day.

The greatest battles are fought with ourselves, and he who overcomes himself is, indeed, a hero.

Dr. F. K. West of Rossville passed through Moscow Friday with a new Ford car, enroute to his home from Somerville.

"There was an old soldier and he had a wooden leg, He had no Ford and no ride he'd beg; So he took a lot of stove pipe and an old tin pan, He called it a Ford and the darn thing ran."

Progress and Prosperity, that's what a good County Fair means to our people. And too—keep in mind that excellent Memphis lawyer for congress.

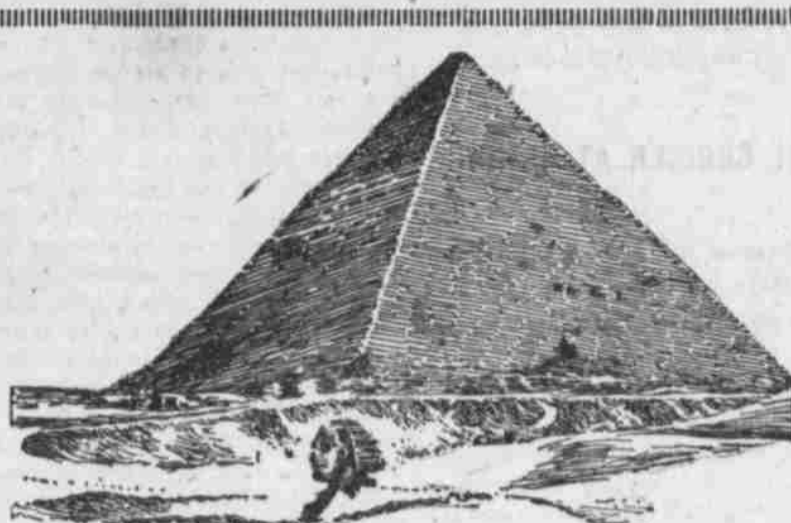

In Memphis Saturday night about 6:30 o'clock at the home of Rev. Ben Cox, who said the ceremony, and in the presence of a few friends and relatives, Mr. Grover C. Gaither of this place and Miss Will Roach of Austin, Miss., were made man and wife. The happy couple passed through Moscow Saturday night on the late east bound train for Chattanooga where, with friends, they will spend a short honeymoon, after which they will make their home in Moscow and will occupy the Steger house. The bride is well known here, having been a frequent visitor with local relatives and is a young woman of charming personality and very popular among those who enjoy her acquaintance. The groom is a young man of sterling character and is a valued attaché of the Moscow Drug Company in which firm he is also a stockholder. If it had been left to the writer to have selected a mate for this excellent young lady we would have chosen the young man whose name today she bears. Since the years we have known the groom he has been a gentleman and our admiration for him has always been of the highest, and the writer is joined in this opinion by numerous friends and acquaintances of the young man. May the lives of this young couple be guided long, well, and happily through this life by Him above, and may they in turn share much of their time, pleasure and worldly things in an effort to advance His cause on earth so that in a time to come they may continue on in the glories of their happy companionship in the "Home beyond the River".

Messrs. J. T. Rook and W. J. Burdison are jurors from this district at this term of court in Somerville.

It is wonderful reading, the history of the courageous faith and love for their Master of Stephen, Bishop Polycarp, Jerome of Prague, Luther, John Knox, and other great souls who held grandly aloft the banner of The Prince of Peace.

Route Three.

What has become of you, "Rose Bud"? Have you sailed out on Matrimony? Miss Mammie Treadway and little Brothers visited the week end with their grand parents, Mr. and Mrs. W.

It was built little at a time; so are great Fortunes

The Pyramids of Egypt, that were built many centuries ago, are still standing. The whole world looks at them with inquisitive admiration. Storms and time have not destroyed their magnitude nor their symmetry. But they were built, one stone at a time. If the FIRST STONE had not been properly placed, the pyramids would not be there today. A fortune can be built, little by little, but not until after it is STARTED. If you want a fortune, START ONE NOW.

Road Contracts.

Recent cartoons in the Memphis Commercial Appeal depict certain officials wearing blind bridges. These cartoons serve to illustrate the careless manner that some of the officials pursue in the discharge of their duties. It showed clearly that good men sometimes hid behind the clock of ignorance and blindness. It has revealed a horrible state of affairs in Shelby Co. What is true in Shelby is true in other counties, though of less magnitude. At the January term of the Fayette County Court our roads were let out to contractors under a contract that said roads should be worked at once and kept in good condition the entire year. Inspectors were appointed whose duty it was to look over the roads in the districts under their charge and see to it that these contracts were enforced and carried out. Three months of the
